

<CONTENTS> RESEARCH IN EXERCISE EPIDEMIOLOGY Vol.17 No.1

Preface

Shigeho Tanaka
(Department of Nutritional Science, National Institute Health and Nutrition)

Review Article

The Lancet Physical Activity Observatory : Monitoring a 21st Century Pandemic 1
Pedro Hallal, et al.
(Universidade Federal de Pelotas, Center for Epidemiological Research)

Overview of Physical Activity Assessments by Accelerometer-based Activity Monitors and their
Potential Application for Physical Activity Promotion 6
Hiroyuki Sasai, et al.
(Faculty of Medicine, University of Tsukuba, Japan Society for the Promotion of Science)

Original Article

Validation of a Web-based Physical Activity Measurement System Using a Tri-axial Accelerometer 19
Hideyuki Namba, et al.
(Department of Health and Nutrition, Wayo Women's University)

Descriptive Epidemiology of Shoulder Pain in Japanese Badminton Players 29
Yuki Warashina, et al.
(Laboratory of Sports Medicine, Graduate School of Comprehensive Human Sciences,
University of Tsukuba)

Practice Article

The "Active Healthy Kids Report Card" for Promotion of Physical Activity in Children and Youth 37
Chiaki Tanaka, et al.
(Division of Integrated Sciences, J. F. Oberlin University)

Series

Physical activity cohort studies in Japan (8)
Japan Epidemiology Collaboration on Occupational Health Study (J-ECOH Study) 43
Keisuke Kuwahara, et al.
(Graduate School of Public Health, Teikyo University)

The 17th annual conference of the Japanese Association of Exercise Epidemiology

【Keynote Lecture】 Evidences and Future Study of Exercise Epidemiology from View Point of
Non-Communicable Diseases and Dementia 48
Shuzo Kumagai
(Laboratory of Health and Exercise Epidemiology, Faculty of Arts and Science,
and Graduate School of Human Environment Studies, Kyushu University)

【Educational Lecture】 Aiming at Clarifying Gene-environment Interactions on Lifestyle-related
Diseases: the Japan Multi-Institutional Collaborative Cohort (J-MICC) Study in Saga Region 50
Keitaro Tanaka
(Department of Preventive Medicine, Faculty of Medicine, Saga University)

【Symposium: Further Development of Research in Physical Activity and Health】

The Role of Japanese Association of Exercise Epidemiology 51
Yukio Oida
(Chukyo University)

Collaborative Study in Exercise Epidemiology: Introduction of Research Project Granted by Japanese Society of Physical Fitness and Sports Medicine	52
Yoshio Nakata (Faculty of Medicine, University of Tsukuba)	
Social Relationships and Physical Activity/Exercise: Exercise with Family/Friends for Older Adults	53
Satoru Kanamori (Department of Preventive Medicine and Public Health, Tokyo Medical University)	
Physical Environment to Increase Physical Activity and Reduce Sedentary Behavior among Children	54
Kaori Ishii (Faculty of Sport Sciences, Waseda University)	
Lessons Learned from Research Experience in Physical Activity Epidemiology in the United States	55
Hiroyuki Sasai (Faculty of Medicine, University of Tsukuba, Japan Society for the Promotion of Science)	
【Oral Presentations】	56
